Contact us for all your HVAC sheet manufacturing needs. The store store It has experience in manufacturing products from most metals, but with heavy emphasis on carbon steel, stainless steel, galvanized steel and aluminum. Contact both that you need rectangular or spiral, kitchen drain or heavy jobs, we offer the highest quality product at competitive prices. These teams are well trained and are particularly sensitive to the needs of work. We have equipped crews to erect the sheet manufactured in the field regardless of the final destination. This combination of HVAC sheet manufacturing skills and a complete range of functionality makes us a precious partner for anyone looking for components in quality manufactured sheets, TX and surrounding areas. H & S metal owners have many years of experience in sheet metal trade, so you can trust what you will receive your Ductwork the first time. The company has been involved with this activity for many years due to customer needs in the heavy industrial market on the Canale of the Houston ship and in the Texas city area. The welding shop provides products specially designed for applications that are not large enough or heavy enough to be placed in large manufacturing or manufacturing stores of pipes. In particular, we refer to: the capacity to provide resources for personnel and equipment to carry out "trace" projects. The ability to effectively work a series of work simultaneously to maintain costs for customers and straus. This is particularly important because it allows us to better control the program and quality of each project. Flexibility to perform work at night or on weekends to avoid work interruptions by occupants. Our manufacture of sheets is performed For commercial and industrial air conditioning systems. While we are strictly a producer and a distributor, we can recommend on your installation situation. Learn on Texas duct systems, L.L.C. Your project is a success with the production of Ductwork at the Texas Duct Systems, L.L.C., in Houston, in Texas. The need to be extremely quiet while working in the occupied spaces. Take a look at our services and product pages to get to know what we have to offer. We are known for our quality processing, quick delivery times and capacity to satisfy any expiry of the project. This differs from our competitors as we have the capacity to manufacture our conduct and is not necessary to purchase from external sources. The need to be extremely clean during the execution of works in all occupied spaces, particularly in medical facilities. Find out more about Texas Duct System LLC when it comes to manufacture of HVAC Houston, TX sheets, few can beat the level of competence that K & R Mechanical has reached on its long history that works in the sector, industry.
